The Why: Local challenges and aspirations this event would address, in alignment with CBF priorities.

*** indicates a required field**

Please select one **or** two of the following strategic priority areas, which you believe most aligns with your event. For the strategic priority area that you select, you will be asked two questions.

Queensland Hydro's *Community Benefits Framework* strategic priority areas are as follows:

- **Tourism and economy:** We understand that tourism is an important driver and presents significant opportunities to grow and leverage enduring positive benefits for the local area and broader region surrounding our Project locations. We will support initiatives that help people and economies thrive. We will do this through local economic development activities that build capacity, capability and resilience to enable our communities and regions to grow and prosper.
- **Health and wellbeing:** We understand that the importance of health and wellness is at the core of every individual and collectively contributes to the vibrancy at the heart of every community. We will support initiatives that deliver optimum health and wellness benefits to the local community. This may include programs or activities targeting community participation, or infrastructure of recreational facilities to enable them.
- **Environment and sustainability:** We understand the importance of respecting and nurturing the environment that surrounds us, in both its natural and developed forms. We will support initiatives that enhance, protect and celebrate the local environment.

Ensuring a sustainable future for the land, skies and water surrounding our communities will benefit us all.

- **Community connection:** We understand that connection is what creates community – across many forms and possibilities. We will support initiatives that contribute to community connectedness. This may include programs or activities that bring people together, connect cultures, backgrounds, ages and stages of life. It may include physical connections, to enhance towns and local areas so there are pathways to connect or places to gather. We will recognise and preserve the history and culture that underpins the area, celebrate creativity and the arts emerging from our communities, knowing that connection is at the essence.

Which of the following strategic priorities most applies to your initiative? *

- ☐ Tourism and economy.
- ☐ Health and wellbeing.
- ☐ Environment and sustainability.
- ☐ Community connection.

No more than 2 choices may be selected.
